Antonia Albano

Saturday, February 10th 10:30 - noon

Q & A - Curious About All the Excitement of...  
Geometries of Love ... birthing the new human & the next octave of love

10:30 - noon ~ **Antonia Albano - Q & A about the amazing Geometries of Love ...sacred technologies for the next octave of love, the next octave of human.** Walk a one-of-a-kind labyrinth floor walk which is a creation field. Ask Antonia questions about her journey into Expanded Realms of Love. Antonia has had a life-long fascination with both how the un-manifest is made manifest and how the un-manifest is integral to our existence and permeates all life with its intelligence. While on a modern day vision quest in 2004, Antonia began to draw shapes that have become the focus of her life. She'll explain how, that if one chooses to allow it, such forms can impact and shape our lives and all life as we know it, and how she discovered that with the shapes came a beautiful, gentle yet powerful and palpable energetic message as to their purpose. Over the next eight years, six more geometric shapes new to this earth plane presented themselves to Antonia. These shapes, with motion, color and sound, together form a family called the Geometries of Love...sacred technologies for the new millennium. Each is magnificent and important in its own right, but together they function synergistically as a potent generator that is *The Unified Field System of Love*, and create for our own experience what Antonia describes as both "the Next Octave of Love" and "the Next Octave of Human!" **♥ve donations**

**Antonia Albano** - has facilitated workshops & seminars in expanding human consciousness since 1991. She is the founder of the World Love Project™, the annual Celebration of Love & the Healing Resonance Council™ Antonia was co-founder & Director of the California Institute for Mind-Body Awareness in Northern California where she had a private practice as an Integrative Therapist, Transformation Coach & Spiritual Mentor. From 2004 to present she has brought forth the new living geometric technology systems called the *Geometries of Love*...The Unified Field System of LOVE for this new millennium. In addition, to assist us in our Love Evolution, Antonia has been guided to a 'high tech' designed energy system suitable for the Next Octave of Human. Antonia resides in the Shenandoah Valley of Virginia.

**Saturday, February 10th 1:30 -3pm**

### The Evolution of God in Human Consciousness & Implications for Humanity

Notwithstanding humanity's so-called evolutionary advances with respect to notions of God, the state of our modern world makes two matters crystal clear: First, the planet-wide chaos, conflict and environmental degradation we continue to experience is directly related to our conflicted concepts of God; and, Second, in order to resolve such problems going forward, our concepts of God will have to evolve further still – from ideas which foster separation (among us as humans, between us and our environment, and between us and God) to one which fosters Unity with all-Tom will offer suggestions about where we may go from here to initiate this next evolutionary leap in our consciousness, in order to save both ourselves and our environment.

Barney Brown

**Saturday February 10<sup>th</sup> @ 3:30pm**

**OPENING THE GATES OF PERCEPTION:  
RE-GREENING OUR CONNECTION WITH ALL LIFE**

Please join us for an experiential learning process where we open to a world of greater awareness and presence in our bodies at the same time awareness of the interconnectedness, the Oneness of all life. Talking to Mom through the trees & bees ...and listening!!!

The great discovery of philosophers & mystics through the millennium, demystified. ..."the scales fell from my eyes, and I beheld" ...& found that I was not alone, never alone. A direct path to ecstasy & communion.

*Experiential, nature centered, transformative. Startling obvious all along!*

**Barney Brown:** Among the many blessings that Barney counts in his lifetime is being born on a farm & having no other children to play with for the first 6 years. He feels blessed to have experienced life on hundreds of acres of grown-over cotton fields, glacial lakes, an ocean bound New England island, a redwood forest & fog shrouded fields. Barney has been further blessed to spend 6 years sailing the oceans of America's west & east coasts. Currently he counts his blessings of living on Heartstone's magic land & to have the gifts of garden, field, trees, rivers & mountains. From this distillation & a lifetime of poetry, art, writing, music & meditation, a few insights to eternal questions, that have been asked by humankind ever since the Enlightenment, will be offered.

Offered as part of the weekend gathering : \$ NO CHARGE ~ Donations graciously accepted :)

Ai'IA Criost Iona & Vandorn Hinnant

Sunday February 11<sup>th</sup> @ 10 am

... with alchemical crystalline sound & visual art & poetry of the soul's heart

**Ai'IA Criost Iona** has over 30 years of experience in vibrational medicine modalities using sound, sacred geometry, chimes, tuning forks, crystal & Tibetan bowls, color & aromas. She is a DreamWeaver & Tama-Do facilitator offering private sessions & distance healing.

**Vandorn Hinnant** is a visual artist, poet, sculptor & educator who began studying Sacred Geometry formally in 1989 with his mentor, inventor and physicist Robert L. Powell, Sr. In the 1980s Hinnant introduced fractal mathematics, the Golden Ratio, the Logarithmic Spiral Sacred Geometry and most currently STEAM concepts into his work exploring metaphysical ideas. Many of Hinnant's works explore mandalas, a visual spiritual and ritual symbol in Hinduism & Buddhism, representing the universe. He uses circles, lines, angles, polyhedrons and color and tint to explore mandalas in his drawings, paintings and sculpture which are often installed together.

### The Golden Living Prayer Labyrinth

Sunday February 11th 11am

**YES!! Even Geometric form evolves!** Our *Grace Walk* has evolved into *The Grace Walk ...a Living Prayer Labyrinth!!* In 2012 Antonia was given the vision for the 'next evolution' of the creation field with the understanding it would be in the future. Late in 2020 she received the message 'It's Time' & the 2nd section of the center walkway has been set in motion creating the Golden Cross geometry. **Come find out why it is being called *The Living Prayer Labyrinth!***

Inspired by the family of 7 geometries called the *Geometric Technologies of Love ...the Unified Field System of LOVE for the next octave of human*, this modern-day hilltop labyrinth has been a 18 year project of love. It covers approximately an acre of ground with stunning 360 degree views of both the Blue Ridge Mountains, the Alleghenies & nearly 8 counties. Beautiful original sculptures throughout the interior draw visitors to stop, look, sense, sit, meditate, quietly commune.

The center design is interwoven golden ratio infinities. This is not only a beautiful labyrinth in a gorgeous setting, but also a powerhouse of amazing energy. The two outer rings have crimson & saffron flags that fly 12 feet high on days of ceremony. Individuals & groups have felt drawn to visit the farm to walk the creative one-of-a-kind design.

**Antonia Albano** - has facilitated workshops & seminars in expanding human consciousness since 1991. She is the founder of the World Love Project, Virginia's annual Celebration of Love, the Healing Resonance Council™ & the creator of The Grace Walk labyrinth. From 2004 to present she has brought forth new living systems called the Geometric Technologies of Love...The Unified Field System of LOVE for the next octave of human. Antonia resides in the Shenandoah Valley of Virginia.
